**You DRIVE - We take care
about everything else.**

You drive – we do the math & mess

Hardware

- We will guide you through a wide range of possible Hardware, helping you find the perfect match for you.
- Rig, Pedals, Wheel, Accessoires.

Software

- We will setup EVERYTHING for you. From Windows, to Steam, the chosen Simulation(s) and everything else you need (eg. Tools, Drivers Apps).

Personalization

- We will help you create all relevant accounts. From Steam, iRacing to Discord or Teamspeak.
- Documentation and explanation included.

24/7 Concierge

- Whenever there is a problem you can reach out for Coachings, Technical Support on Hard- and Software or every other question – okay, it has to refer to SimRacing...

Coaching

- Our professional instructors, Coaches and eSports-Driver offer you 3 hours a month a personal one-2-one Coaching helping you to maximise your SimRacing Experience.

Setup and Review

- We deliver the Sim to your house and build it up. If you later have any problem, we will help you – even onsite.

We want you to have the smoothest and best fitting entry into SimRacing.

So please feel free to talk with us, as the „product“ is 100% personalized.

Pricing starts at 7.900 EUR – including all the services for 12 months!
